# OMNI BEDFORD SPRINGS RESORT

Pennsylvania, for more than 200 years, the eight mineral springs located on the resort's property served as an important gathering place. Native Americans first used the mineral springs for their curative properties. In 1796, Dr. John Anderson purchased 2,200 acres on which the resort now stands. He built a home on the property and as word spread of the unique waters, visitors began coming to the springs from around the globe for purposes of experiencing the waters and the custom prescriptions that Dr. Anderson offered based upon the visitors needs.

Dr. Anderson built The Stone Inn in 1806 for visitors to take advantage of the waters. The Stone Inn was built with stone quarried from atop the mountain adjacent to The Springs and carried down the mountain by oxen.

In 1884, the resort was designated a National Historic Landmark. Bedford Springs has hosted a long list of celebrities, wealthy clientele, corporate magnates and dignitaries from around the world. The resort has hosted a total of 13 Presidents, seven of whom visited during their presidency. The Presidents include: Thomas Jefferson, James Buchanan, James Polk, John Tyler, Andrew Jackson, Zachary Taylor, James Garfield, William Taft, William Harrison, Dwight Eisenhower, Ronald Reagan, George W. Bush. President Buchanan actually used Bedford Springs as the "summer White House".

**Activities:** Springs Eternal Spa is a 30,000 square foot destination spa and is one of the few spas in the country utilizing natural spring water in all of its treatments. The treatments are inspired by the resort's eight mineral springs first used by the local Native Americans for their healing properties. Unwind with a soothing massage or beauty treatment or simply spend a few moments in the serene spa garden.

Resort Pools – Enjoy the Heated Spring-Fed Indoor Pool. In 1905, Bedford Springs debuted one of the first indoor pools in the United States. Once upon a time musicians would serenade the swimmers from an elevated opera box. Now you can experience this sparkling gem, fully restored to its lavish beauty. In warmer months, you can unwind in the alluring outdoor pool and whirlpool overlooking the lush Allegheny Mountains. It is a refreshing escape for all ages.

Outdoor Activities – There are many outdoor activities available at the Resort for all ages. Enjoy the famous fire pit on the front lawn for an evening under the stars warming by the fire and roasting a fresh smore with your friends and family. There are a number of hiking trails on the property to explore. Whether your choice is a leisurely walk or a challenging fitness hike, it will be found at Bedford Springs Resort. Or you can take a Historic Hike with a Resort guide to learn about pre-historic times, Native American tribes, early settlers and the healing waters. There is also biking, fishing, geocaching, lawn games, and Segway tours available. Golf is always an option on the historic and beautiful Bedford Springs Resort Golf Course
